Approval of CSHP Policies

Information

Policies and procedures provide guidance to the organization’s employees and programs to ensure they are operating in compliance with local, state, and federal law and regulation guidelines. Policies are created to offer high-level guidance and clarification, while procedures outline the day-to-day operational duties of a program, service, or activity.

As independent local workforce development boards, CareerSource Hillsborough Pinellas develops its own local policies in accordance with local, state, and federal guidance, as approved by the CSHP Boards of Directors.

The following programmatic policies were developed in accordance with these guidelines and an analysis of the needs and resources of the local area.

Policy No.	Title	Description
P-01-V2	Supportive Services	This policy provides guidance regarding supportive services, need-related payments, and incentives that may be provided under the requirements of the Workforce Innovation and Opportunity Act (WIOA) Adult, Dislocated Worker, Youth and Temporary Assistance to Needy Families (TANF)/Welfare Transition (WTP), and special grant programs.
P-02-V3	Targeted Occupations List (TOL) and Regional Targeted Occupations List (RTOL)	This policy establishes guidelines for the development of CareerSource Hillsborough Pinellas’s (CSHP) annual Targeted Occupations List (TOL) and Regional Targeted Occupations List (RTOL).
P-03-V2	Limited English Proficient Services	This policy provides guidance to the CareerSource Hillsborough Pinellas’s (CSHP) staff, partners, and contractors regarding the obligation to provide language assistance to Limited English Proficient (LEP) persons.

Action

CareerSource Hillsborough Pinellas staff recommend approval of the above policies.

Policy No.:	P-01-V2
Policy Title:	Supportive Services

Issue Date:	TBD
Revision Date(s):	Upon approval by the CSHP Board of Directors
Program Area:	WIOA; WIOA Youth; TANF/WTP; Special Grants
Subject:	Supportive Services
Purpose:	This policy provides guidance regarding supportive services, need-related payments, and incentives that may be provided under the requirements of Workforce Innovation and Opportunity Act (WIOA) Adult, Dislocated Worker, Youth and Temporary Assistance to Needy Families (TANF)/Welfare Transition (WTP), and special grant programs.
Distribution:	CSHP Staff
Contact:	Vice President of Program Services, or their designee

Purpose

This policy provides guidance regarding supportive services, need-related payments, and incentives that may be provided under the requirements of Workforce Innovation and Opportunity Act (WIOA) Adult, Dislocated Worker, Youth and Temporary Assistance to Needy Families (TANF)/Welfare Transition (WTP), and special grant programs.

Background

The Workforce Innovation and Opportunity Act (WIOA) and Temporary Assistance to Needy Families (TANF) legislation and guidance provide for the provision of supportive services to participants enrolled in WIOA and TANF funded programs. WIOA provides local areas with the authority to make policy and administrative decisions and the flexibility to tailor their provision of services to meet the needs of the local community.

Supportive services are defined under WIOA as services such as transportation, childcare, dependent care, housing, and needs-related payments that are necessary to enable an individual to participate in activities authorized under this Act.

Supportive services are for eligible individuals with barriers to employment. Section 133(b) defines funds allocated to the local area for dislocated workers under section (b)(2)(B), may be used to provide supportive services to adults and dislocated workers, respectively,

1. Who are participating in programs with activities authorized in paragraph (2) or (3) of subsection (c); and
2. Who are unable to obtain such supportive services through other programs providing such services.

Section 134(2)(d)(A) of WIOA requires that adults and dislocated workers must be program clients to receive supportive services. Support services are provided based on need and eligibility.

Section 129(vii) defines youth supportive services necessary to enable individuals to participate in the program and to assist individuals, for a period not to exceed 12 months after the completion of training, in obtaining or retaining employment, or applying for and transitioning to postsecondary education or training; and follow-up services for not less than 12 months after the completion of participation, as appropriate.

Chapter 414, Florida Statutes (F.S.), sets forth provisions for receipt of Temporary Cash Assistance (TCA) and requires all individuals who do not meet TCA exemptions to participate in work or alternative plan activities. Chapter 445, F.S., consolidates the state workforce policy direction, oversight, and welfare support functions under one board, CareerSource Florida, Inc., (CSF) and designates the Florida Department of Commerce (FloridaCommerce) as the administrative, fiscal, and implementing agency for TCA work activities and supportive services, the WT program.

The Department of Health and Human Services has provided final approval of the TANF State Plan which authorizes support services assistance. These benefits are designed to deal with a specific crisis or episode of need and other services such as childcare and transportation, transitional services, job retention, job advancement, and other employment-related services.

WIOA Youth Incentive Payments

WIOA encourages the use of incentive payments whenever appropriate to support successful participation in work experiences, education, or training. 20 CFR § 681.640 states that incentive payments to WIOA youth participants are permitted for recognition and achievement directly tied to training activities and work experiences. The local program must have written policies and procedures in place governing the award of incentives and must ensure that such incentive payments are tied to the goals of the specific program; outlined in writing before the commencement of the program that may provide incentive payments; align with the local program's organizational policies; and are in accordance with the requirements contained in 2 CFR part 200.

Needs-Related Payments

WIOA Sections 134(d)(3) authorizes needs-related payments for adults, dislocated workers, and out-of-school youth. Needs-related payments are a supportive service that provides financial assistance to participants to enable their participation in training. Unlike other supportive services, Local Workforce Development Boards (LWDBs) may only provide needs-related payments to eligible WIOA participants who are enrolled in training or accepted in a training program that will begin within 30 calendar days.

Policy

Based on individual assessment and availability of funds, supportive services may be provided to eligible program participants to enable an individual to participate in workforce-funded programs and activities and to secure and retain employment.

Supportive services and referrals are provided based on need as determined by staff working with the participant and may include but are not limited to:

- Linkages to community services.
- Assistance with transportation.
- Assistance with childcare and dependent care.

- Assistance with housing.
- Needs-related payments.
- Assistance with educational testing.
- Reasonable accommodation for individuals with disabilities.
- Legal aid services.
- Referrals to medical services.
- Assistance with interview clothing, uniforms or other work attire and work-related tools, including such items as eyeglasses and protective eye gear.
- Assistance with books, fees, school supplies, and other necessary items for students enrolled in postsecondary education classes.
- Payments and fees for employment and training-related applications, tests, and certifications.

CSHP/service provider program staff must ensure that the participant is in need and eligible for all requested supportive services and that the supportive service is necessary for ongoing participation in the program.

Requirements for WIOA Adults and Dislocated Workers: Supportive services for Adults and Dislocated Workers can only be provided when necessary to enable individuals to participate in career services or training services. Follow-up services, though types of career services, are not qualifying services for the purposes of receiving supportive services. Adults and Dislocated Workers who are only receiving follow-up services cannot receive supportive services.

Requirements for WIOA Youth: Supportive services for youth must be offered as one of the required program elements for youth participants. Unlike Adults and Dislocated Workers, Youth are eligible to receive supportive services when participating in follow-up services.

Requirements for TANF/WTP Participants: FloridaCommerce and the Florida Department of Health and Human Services provide guidance in policy and the TANF State Plan and TANF Work Verification approving provision of support services assistance. WTP support services are designed to meet definition of need, employment, and participation-related barriers by provision of supported services and other assistance such as childcare and transportation, transitional services, job retention, job advancement, and other employment-related services delineated in the CSHP Supportive Services Procedure.

Notice of Availability: Staff must ensure participants are provided accurate information about the availability of supportive services in the local area, as well as referral to services available from partners or other sources.

Allowable Supportive Services

Services may include, but are not limited to, financial assistance with or referral in accordance with the current Supportive Services Procedure.

Limits to the Amount or Duration of Supportive Services: Supportive services have a maximum of \$700 per program year, per participant, which is inclusive of all supportive service types. The Chief Executive Officer may waive the \$700 cap, up to a maximum of \$1,500, if circumstances warrant. If an excess of \$1,500 is needed, a request must be approved by CSHP Board Chair's Authorization to increase the limit above established cap of \$700 per participant. Supportive services are based on funding availability each program year (July 1 – June 30) and career seekers are not automatically entitled to these funds. It is the responsibility of staff to

ensure that the career seeker understands the supportive services policy and that a tracking mechanism is in place that ensures the cap is not exceeded.

CSHP and/or the service provider will establish internal controls that result in equitable treatment of participants, documentation requirements and assurance of coordination with other community resources. As part of the determination of need, documentation must be included in the case file showing the participant's denial of assistance from other community resources to ensure coordination.

WIOA Youth Incentive Payments

Incentive payments are allowable for youth participants only and, unlike supportive services, are permitted for recognition of achievements directly tied to training activities and work experiences. Opportunities for WIOA Youth to earn incentives are provided in writing and reviewed with the customer to ensure a thorough understanding of program requirements. Supporting documentation of the activities completed or milestones achieved is documented in the participant's file as verification of achievement.

TANF Program Incentive Payments

TANF participants may receive TANF funded incentives as program milestones and defined benchmarks are achieved and documented. Within the Support Services Procedure, detailed information is available of milestones and benchmarks such as the attainment of a High School Diploma or GED, completion of CSHP workshops, etc.

Needs-Related Payments (WIOA Only)

Needs-related payments may be provided when it is determined that ongoing resources and income from all other sources are insufficient to support participants in WIOA-funded training. Participants will be required to complete a financial analysis/budget worksheet reflecting their current financial situation and meet eligibility requirements as outlined in the Needs-Related Payments Procedure.

Payment Levels

1) WIOA Adults and Out-of-School Youth (OSY)

- a) Payment levels will be established by CSHP in local operating procedures.
- b) For statewide projects, the payment level will be determined by the state workforce development board.

2) Dislocated Workers

- a) The payment level of needs-related payments must not exceed the greater of:
 - i) The applicable weekly level of Reemployment Assistance (RA) benefits for participants who were eligible for RA benefits; or
 - ii) The poverty level for an equivalent period, for participants who did not qualify for unemployment compensation because of the qualifying layoff. The weekly payment level must be adjusted to reflect changes in total family income.

Special Grants Supportive Services

Special grants that provide for the provision of supportive services to participants will develop specific program procedures, allowability and limitations in accordance with the grant agreement and funder specifications.

Determination of Need

Providing accurate information about available supportive services in the local area is a crucial element of the service delivery system for career seekers. Supportive services should be used to address the career seeker's barriers identified through the initial or objective assessment process. The plan for addressing these barriers, to include the provision of supportive services, must be documented in the career seeker's Individual Employment Plan (IEP) or Individual Service Strategy (ISS), as appropriate. The Act states that supportive services may be provided if not available from any other source; therefore, the case file and appropriate management information system case notes must document the need of the career seeker and the fact that the services are not available from another source.

Payment Methods For Supportive Services

A variety of payment methods may be used for the provision of supportive services, depending upon the type of supportive service provided. For each supportive service provided, CSHP must opt to use a payment method that allows for the highest level of oversight, accountability, and internal controls to ensure the supportive service provided is used for the intended purpose. Payment methods may include reloadable or pre-paid debit or gift cards; direct deposit; reimbursement; or direct vendor payments.

Supportive services will be issued in accordance with CSHP local operating procedures that outline the specific categories of supportive services allowable, description, and maximum payment rate.

Details regarding specific payment methods are outlined in the Supportive Services Procedure.

Cancellation of Support Services

This policy and some or all its categories of support services may be cancelled or changed, in whole or in part, by CSHP at any time without notice, effective immediately, or at any time CSHP determines necessary. Exceptions may be made to this policy by CSHP if it is in the best interest of CSHP or its participants and compliance with state and federal requirements.

Monitoring

Programmatic monitoring will be conducted throughout the program year under the direction of the CSHP Vice President of MIS and Data Services. This will include a formal review of supportive service issuance, activities, and case noting for all programmatic funding to comply with federal, state, and local policies and procedures.

Financial monitoring will be conducted under the direction of the CSHP Vice President of Fiscal and Administrative Compliance.

Policy Exceptions

Any exceptions to the above stated policy or any part thereof must be documented and approved by the CSHP CEO or their designee for consideration.

CSHP may receive federal, state, and local grant awards that may not be subject to the requirements outlined above. Those awards will be governed by the rules and guidelines set forth as defined in the grant documents. Desk guides, procedures, or other internal documents will be established to outline the processes specific to the awards.

Policy Title:	Targeted Occupations List (TOL) and Regional Targeted Occupations List (RTOL)

Issue Date:	1/22/2020
Revision Date(s):	Upon approval by the CSHP Board of Directors
Program Area:	WIOA; WTP
Subject:	Targeted Occupations List
Purpose:	This policy establishes guidelines for the development of CareerSource Hillsborough Pinellas's (CSHP) annual Targeted Occupations List (TOL) and Regional Targeted Occupations List (RTOL).
Distribution:	CSHP Staff
Contact:	Vice President of Program Services, Vice President of MIS and Data Services, or their designee

Purpose

This policy establishes guidelines for the development of CareerSource Hillsborough Pinellas' (CSHP) annual Targeted Occupations List (TOL) and Regional Targeted Occupations List (RTOL).

Background

On November 7, 2013, the CareerSource Florida (CSF) Board of Directors approved a local TOL process and transferred the identification and selection of occupations relevant to local areas. This process was adopted to promote greater strategic business and industry involvement in resource allocation, target training funds for workers needing improved employment and earning opportunities, and to better and more expeditiously serve employers in industry sectors lacking skilled workers. The Florida Department of Commerce (FloridaCommerce), Bureau of Workforce Statistics and Economic Research annually publishes Florida's statewide demand occupations list and local area demand occupations lists of high growth/high wage occupations. Each local workforce development board is responsible to analyze their lists, along with other resources, and develop their annual RTOL.

Policy

The TOL is required to develop strategies to target high-growth and emerging occupations that are critical to our local economy. With occupations identified and listed for Hillsborough and Pinellas County, CSHP can direct training resources for occupations in demand to assist job seekers, as well as local workers seeking better employment and higher-earning opportunities.

As outlined in CSF Administrative Policy 82, CSHP is required to develop its own local TOL, in consultation with local business and industry representatives, using the Bureau of Workforce Statistics and Economic Research generated Demand Occupations Lists, as well as including additional occupations to their lists that are based on local demand and that provide career entry and pathways for Welfare Transition, Apprenticeship, and other targeted populations. The Statewide Demand Occupations list identifies the labor market needs of Florida's business

community and encourages job training based on those needs, with emphasis on jobs that are both in high demand and high skill/high wage and is used as a baseline for establishing the local TOL, which is referred to as the RTOL.

To develop its own RTOL, CSHP may utilize the following, but not limited to:

- Use the statewide and regional Demand Occupations Lists published by FloridaCommerce, Bureau of Workforce Statistics and Economic Research as a starting point,
- Solicit the input of business and industry representatives in their area regarding the need to add occupations to or remove occupations from these lists,
- Use additional labor market resources available to assist with developing local RTOL,
- Add additional occupations to their lists beyond what is on FloridaCommerce Bureau of Workforce Statistics and Economic Research list, as needed, based on local demand.
- Consult with CSHP Board members to gauge their input on demand occupational areas and identify new and emerging occupations for inclusion.

CSHP develops and uses their RTOL to identify occupations for which eligible adults and dislocated workers may receive training assistance under the Workforce Innovation and Opportunity Act (WIOA). WIOA funded training includes occupational skills training through individual training accounts (ITAs), and Work Based Learning training such as On-the-Job (OJT) training and Paid Work Experience (PWE). This process and revised Local Area Targeted Occupations Lists do not require approval by CSF.

Additional Requirements:

1. Local policies must provide priority for training that is linked to job openings for businesses in Florida's targeted and infrastructure industries and local economic development priorities.
2. All training is limited to two years in duration and must lead to the attainment of an industry-recognized certificate or certification, an associate degree or a bachelor's degree. The two-year duration is not required to be consecutive.
3. LWDBs must make available to the public information regarding the process implemented in producing the TOL. LWDBs shall publish their updated TOLs on their websites and submit to FloridaCommerce a link to their updated TOLs by June 30th of each year.
4. LWDBs must update their TOL when occupations are added or deleted, or when there is a change in demand for occupations.

Policy Title:	Limited English Proficient Services

Issue Date:	8/19/2021
Revision Date(s):	Upon approval by the CSHP Board of Directors
Program Area:	One-Stop Center
Subject:	Limited English Proficient Services
Purpose:	This policy provides guidance to the CareerSource Hillsborough Pinellas (CSHP) staff, partners, and contractors regarding the obligation to provide language assistance to Limited English Proficient (LEP) persons.
Distribution:	CSHP Staff, FloridaCommerce Staff, Contractors, and Partner Organizations
Contact:	CEO, Vice President of Program Services, and/or their designee

Purpose

This policy provides guidance to the CareerSource Hillsborough Pinellas (CSHP) staff, partners, and contractors regarding the obligation to provide language assistance to Limited English Proficient (LEP) persons.

Background

An LEP person is a person who, due to national origin, has no ability or limited ability to read, write, speak, or understand English to the extent that he or she cannot have meaningful access to a provider's services and might be entitled to language assistance with respect to a particular type of benefit, service, or encounter. Examples of populations likely to include LEP individuals who are served by LWDB includes, but are not limited to:

- Unemployed, underemployed WIOA Adults, Dislocated Workers, Welfare Transition and Supplemental Nutritional Program individuals seeking reemployment assistance (RA) benefits, job search assistance, job training services, or job placement services.
- Youth seeking summer employment, career counseling, or job readiness assessment assistance.
- Migrant and seasonal farm workers seeking placement or information regarding protections afforded to them.

CSHP has a responsibility to assure nondiscrimination in service delivery to persons who are Limited English Proficient.

Policy

CSHP will take responsible steps to ensure that individuals with LEP have meaningful access and equal opportunity to participate in CSHP services, activities, programs, and other benefits. The policy of CSHP is to ensure meaningful communication with LEP customers involving their participation in CSHP services. The policy also provides for communication of information

contained in vital documents, including but not limited to, program applications, consent forms, complaint/grievance forms, rights, and responsibilities.

All interpretations, translators and other aids needs shall be provided without cost to the customer being serviced, and their families will be informed of the availability of such assistance. Language assistance will be provided through the use of competent LWDB 28 bilingual staff, hand-held translators, Google Translator, contracts, or formal arrangements with local organizations providing interpretations or translation services, or technology and telephonic interpretation services. If a specific dialect is presented with a need for translating services that cannot be addressed by the hand-held translators or bilingual staff, then a purchase order will need to be submitted to the Finance department to procure the service.

Key websites that allow for translation of language, but are not limited to, include the following:

- CareerSource Hillsborough Pinellas: www.careersourcehp.com
- Employ Florida: www.employflorida.com
- Google Translate: <https://translate.google.com>

In addition, each CSHP center displays an Interpretative Services flyer that notifies the customer to ask for assistance when in need of interpretative services, which contains 22 unique languages. The flyer can be located here: [interpretive-services.pdf \(floridajobs.org\)](#).

Identifying LEP Persons and Their Language

The Florida Department of Commerce (FloridaCommerce) conducts a statewide review of language needs on a routine basis. Currently, FloridaCommerce identified the two language needs for Florida as Spanish and Creole. CSHP's One-Stop Operator will regularly review the language access needs of our jobseeker population and monitor the implementation of the LEP policy, as needed.

CSHP will promptly identify the language and communication needs of the LEP person. If necessary, staff will use a language identification card (or "I speak cards," available online at www.lep.gov).

CSHP is responsible for:

1. Maintaining an accurate and current list showing the name, language, phone number and hours of availability of bilingual staff.
2. Contacting the appropriate bilingual staff member to interpret if available, in the event that an interpreter is needed.

Some LEP persons may prefer or request to use a family member or friend as an interpreter. However, family members or friends of the LEP person will not be used as interpreters unless specifically requested by that individual and after the LEP person has understood that an offer of an interpreter at no charge to the person has been made by staff. Such an offer and the response will be documented in the person's file in Employ Florida and/or OSST. If the LEP person chooses to use a family member or friend as an interpreter, issues of competency of interpretation, confidentiality, privacy, and conflict of interest will be considered. If the family member or friend is not competent or appropriate for any of these reasons, competent interpreter services, including the use of bilingual staff, will be provided to the LEP person.

CSHP will not use children or other customers to interpret information, to ensure confidentiality of information and accurate communication.

Providing Written Translations

1. When translation of vital documents is needed, each department in CSHP will submit documents for translation into frequently encountered languages. Original documents being submitted for translation will be in final, approved form with updated and accurate information.
2. CSHP will provide translation of other CSHP marketing materials in coordination with the Marketing Department, if needed.

Providing Notice to LEP Persons

CSHP will inform LEP persons of the availability of language assistance, free of charge, by providing written notice in languages ELP persons will understand. At a minimum, notices, and signs (Equal Opportunity is the Law, Grievance Form) will be posted and provided in intake areas and other points of entry, including the resource room and front desk.

Monitoring Language Needs and Implementation

On an ongoing basis, CSHP will assess changes in demographics, types of services or other needs that may require reevaluation of LEP services. In addition, CSHP may provide a pay increase for identified bilingual staff members.

Related Party Contract and Programs

Background:

Related Party

Local Workforce Development Boards (LWDBs) are required to comply with all requirements of Section 445.007, Florida Statutes, prior to contracting with a board member, with an organization represented by its own board member, or with any entity where a board member has any relationship with the contracting vendor. This section mandates all LWDBs, entering a contract, including contract renewal or extension, with an organization or individual represented on the Board, must meet the following requirements:

- a) Approve the contract by a two-thirds (2/3rd) vote of the Board, when a quorum has been established.
- b) Board members who could benefit financially from the transaction or who have any relationship with the contracting vendor must disclose any such conflicts prior to the board vote on the contract.
- c) Board members who could benefit financially from the transaction or board members who have any relationship with the contracting vendor must abstain from voting on the contracts; and
- d) Prior to entering such contracts, contracts \$10,000 or higher require Florida Department of Commerce and CareerSource Florida approval. Contracts less than \$10,000 do not require approval but notification.

“When an issue presents a conflict of interest to a Board or Committee member, said member shall verbally disclose the conflict of interest, abstain from voting, leave the room during discussion, and vote on said issue, and submit a Voting Abstention form to the Administrative Services Coordinator. Reference to the member leaving the room and submission of the Voting Abstention form shall be included in meeting minutes.” [By-Laws, Section 10.3 – Conflict of Interest].

Contract may not be executed prior to Board and, where applicable, Florida Commerce and CareerSource Florida approvals.

Training Provider

The Workforce Innovation and Opportunity Act (WIOA) of 2014 provides training services using Individual Training Accounts (ITAs). ITAs can be used to access training from eligible *Training Providers* who have been approved by the Board to provide training for occupations on the Board’s targeted occupations list that are in demand or emerging on the local economy, experienced growth, and provide opportunities for high-skill, high-wage jobs.

WIOA training services must be provided in a manner that maximizes informed consumer choice in selecting an eligible provider. Customers who are interested in training services are made aware of the full array of training services by CareerSource Hillsborough Pinellas (CSHP). and invited to review and research training providers and programs outlined on the CSHP’s approved training provider list. Training provider and program selections must fall on CSHP’s ETPL to be considered for enrollment through the WIOA program

This form is for use by any person serving at the county, city, or other local level of government on an appointed or elected board, council, commission, authority, or committee. It applies to members of advisory and non-advisory bodies who are presented with a voting conflict of interest under Section 112.3143, Florida Statutes.

Your responsibilities under the law when faced with voting on a measure in which you have a conflict of interest will vary greatly depending on whether you hold an elective or appointive position. For this reason, please pay close attention to the instructions on this form before completing and filing the form.

INSTRUCTIONS FOR COMPLIANCE WITH SECTION 112.3143, FLORIDA STATUTES

A person holding elective or appointive county, municipal, or other local public office **MUST ABSTAIN** from voting on a measure which would inure to his or her special private gain or loss. Each elected or appointed local officer also **MUST ABSTAIN** from knowingly voting on a measure which would inure to the special gain or loss of a principal (other than a government agency) by whom he or she is retained (including the parent, subsidiary, or sibling organization of a principal by which he or she is retained); to the special private gain or loss of a relative; or to the special private gain or loss of a business associate. Commissioners of community redevelopment agencies (CRAs) under Sec. 163.356 or 163.357, F.S., and officers of independent special tax districts elected on a one-acre, one-vote basis are not prohibited from voting in that capacity.

For purposes of this law, a "relative" includes only the officer's father, mother, son, daughter, husband, wife, brother, sister, father-in-law, mother-in-law, son-in-law, and daughter-in-law. A "business associate" means any person or entity engaged in or carrying on a business enterprise with the officer as a partner, joint venturer, coowner of property, or corporate shareholder (where the shares of the corporation are not listed on any national or regional stock exchange).

* * * * *

ELECTED OFFICERS:

In addition to abstaining from voting in the situations described above, you must disclose the conflict:

PRIOR TO THE VOTE BEING TAKEN by publicly stating to the assembly the nature of your interest in the measure on which you are abstaining from voting; *and*

WITHIN 15 DAYS AFTER THE VOTE OCCURS by completing and filing this form with the person responsible for recording the minutes of the meeting, who should incorporate the form in the minutes.

* * * * *

APPOINTED OFFICERS:

Although you must abstain from voting in the situations described above, you are not prohibited by Section 112.3143 from otherwise participating in these matters. However, you must disclose the nature of the conflict before making any attempt to influence the decision, whether orally or in writing and whether made by you or at your direction.

IF YOU INTEND TO MAKE ANY ATTEMPT TO INFLUENCE THE DECISION PRIOR TO THE MEETING AT WHICH THE VOTE WILL BE TAKEN:

- You must complete and file this form (before making any attempt to influence the decision) with the person responsible for recording the minutes of the meeting, who will incorporate the form in the minutes. (Continued on page 2)

APPOINTED OFFICERS (continued)

- A copy of the form must be provided immediately to the other members of the agency.
- The form must be read publicly at the next meeting after the form is filed.

IF YOU MAKE NO ATTEMPT TO INFLUENCE THE DECISION EXCEPT BY DISCUSSION AT THE MEETING:

- You must disclose orally the nature of your conflict in the measure before participating.
- You must complete the form and file it within 15 days after the vote occurs with the person responsible for recording the minutes of the meeting, who must incorporate the form in the minutes. A copy of the form must be provided immediately to the other members of the agency, and the form must be read publicly at the next meeting after the form is filed.

Action Item

Approval of New Training Providers and New Programs

Background

Effective July 1, 2024, the initial and continued eligibility application process, previously performed at the local level, changed to a statewide application. New training providers and programs must first be approved on the State ETPL before they can be considered locally. Once a provider is approved at the state level, they may request inclusion on the CareerSource Hillsborough Pinellas (CSHP) ETPL.

The Eligible Training Provider List (ETPL) is the official list of training programs and providers eligible for WIOA funds to train eligible program participants. The ETPL and related eligibility procedures ensure the accountability, quality, and labor-market relevance of training programs that receive WIOA funds. Training Providers on the ETPL must be recognized/ licensed by an appropriate public or private governing body. Non-Public Postsecondary institutions must be licensed by the State Board of Independent Colleges and Universities, State Board of Non-Public Career Education, or Commission for Independent Education (CIE).

WIOA utilizes “informed consumer choice” in the selection of a Provider. A WIOA participant who has been determined eligible for training may select a Provider and program from the ETPL after consultation with a applicable CSHP staff. Unless training funds are not available, participants are issued an Individual Training Account (ITA) voucher for training which may pay in whole or in part for the cost of training depending on current funding levels, local policy, and/or ITA dollar limits. Being listed on the ETPL does not guarantee that students will attend a training providers educational facility or choose their program.

Recommendation

Approval of Florida Truckers Institute, My IT Future – Orlando Campus, and National Louis University’s new training provider application to include their respective training programs

Action Item

Approval of New Training Programs

Background

Effective July 1, 2024, the initial and continued eligibility application process, previously performed at the local level, changed to a statewide application. New training providers and programs must first be approved on the State ETPL before they can be considered locally. Once a provider is approved at the state level, they may request inclusion on the CareerSource Hillsborough Pinellas (CSHP) ETPL.

The Eligible Training Provider List (ETPL) is the official list of training programs and providers eligible for WIOA funds to train eligible program participants. The ETPL and related eligibility procedures ensure the accountability, quality, and labor-market relevance of training programs that receive WIOA funds. Training Providers on the ETPL must be recognized/ licensed by an appropriate public or private governing body. Non-Public Postsecondary institutions must be licensed by the State Board of Independent Colleges and Universities, State Board of Non-Public Career Education, or Commission for Independent Education (CIE).

WIOA utilizes “informed consumer choice” in the selection of a Provider. A WIOA participant who has been determined eligible for training may select a Provider and program from the ETPL after consultation with an applicable CSHP staff. Unless training funds are not available, participants are issued an Individual Training Account (ITA) voucher for training which may pay in whole or in part for the cost of training depending on current funding levels, local policy, and/or ITA dollar limits. Being listed on the ETPL does not guarantee that students will attend a training providers educational facility or choose their program.

REACH Performance Review

Background: In October 2024, CareerSource Florida Released Program Year 2023-2024 Quarter 1 Letter Grades for all 24 Florida Workforce Regions. Specific performance is reviewed below and is also available at <https://analytics.careersourceflorida.com/LetterGrades>.

Total Region Score

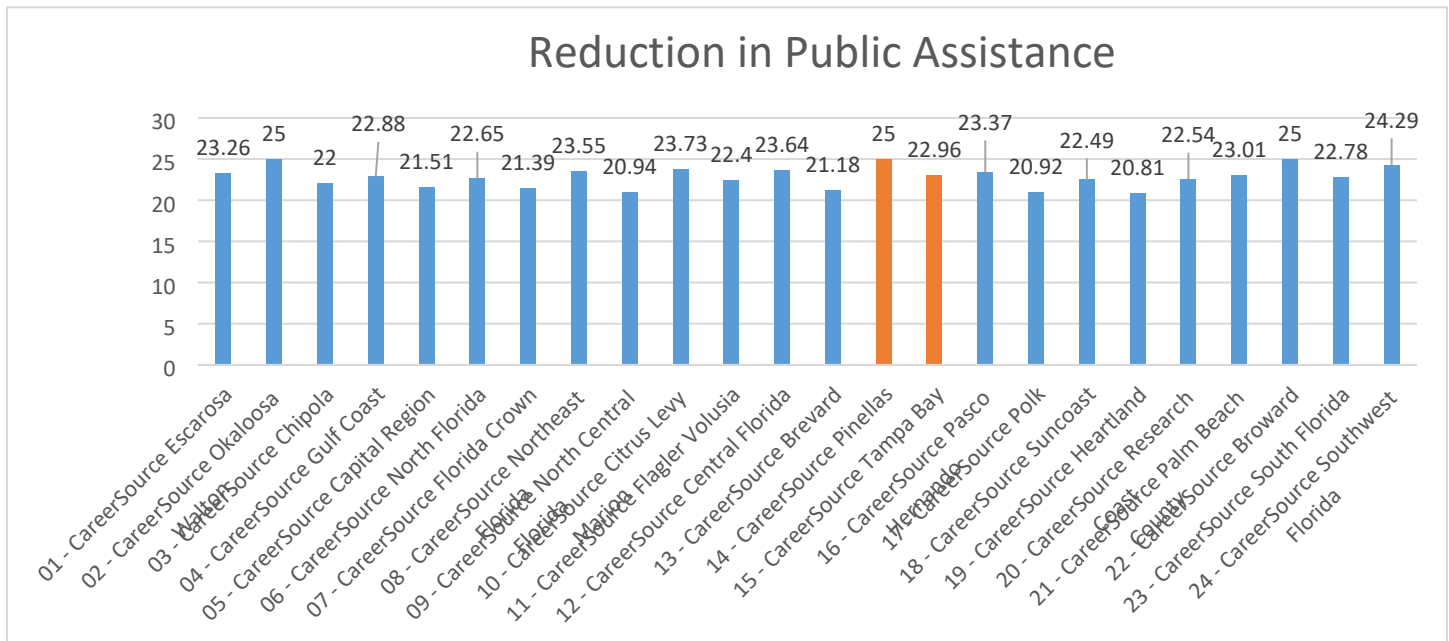

Measure 1- Participants with Increased Earnings

The percentage of participants who earned more in the second quarter after exit than before their engagement with the local workforce development board.

Measure 2 – Reduction in Public Assistance

The percentage of exiters who received SNAP or TANF benefits during their engagement with the local workforce development board who were no longer receiving SNAP or TANF benefits in the fourth quarter after exit.

Measure 3 – Employment and Training Outcomes

Comprises the local workforce development board’s existing 18 federal accountability measures.

Measure 4 – Participants in Work-Related Training

The percentage of all job seekers who were enrolled in work-related training.

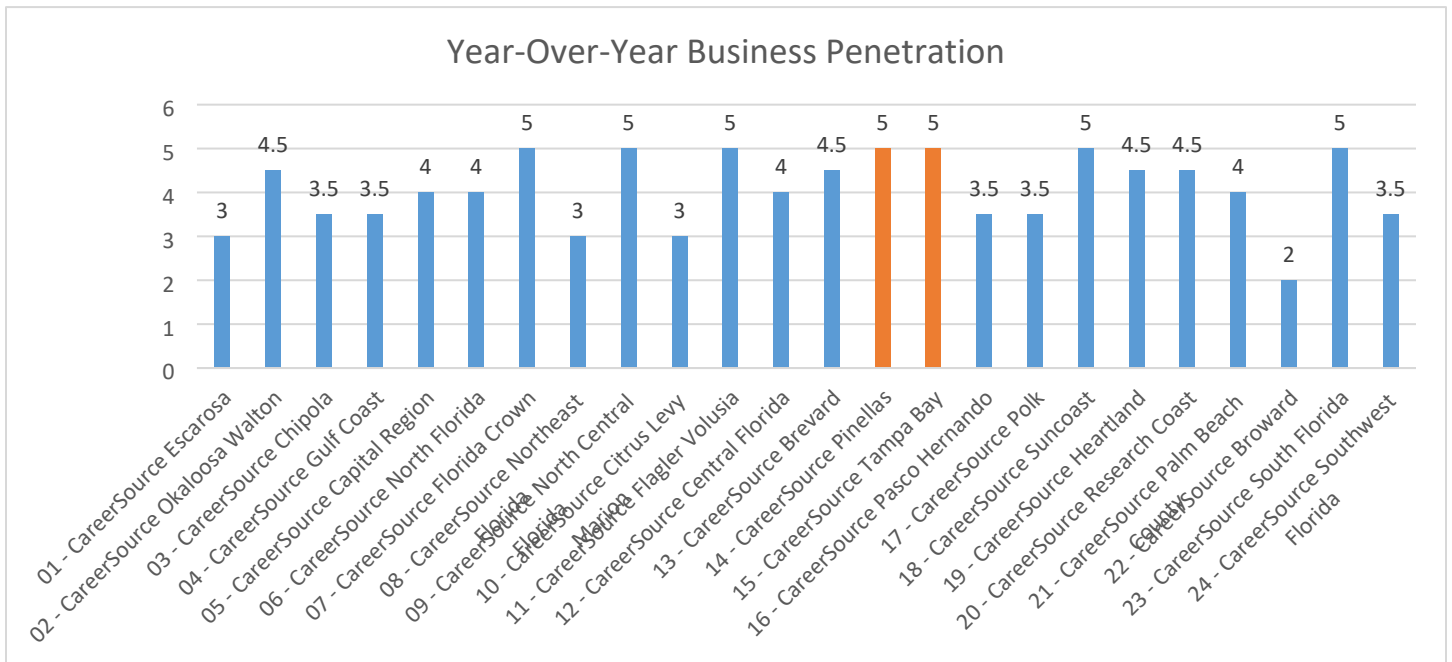

Measure 5- Continued Repeat Business

Percentage of employers served in prior three years that continued to be served in the current program year.

Measure 6 - Year-Over-Year Business Penetration

Compares the percentage of employers served this year to the total number of active employers assigned to CSTB in Employ Florida to the percentage served in the prior year.

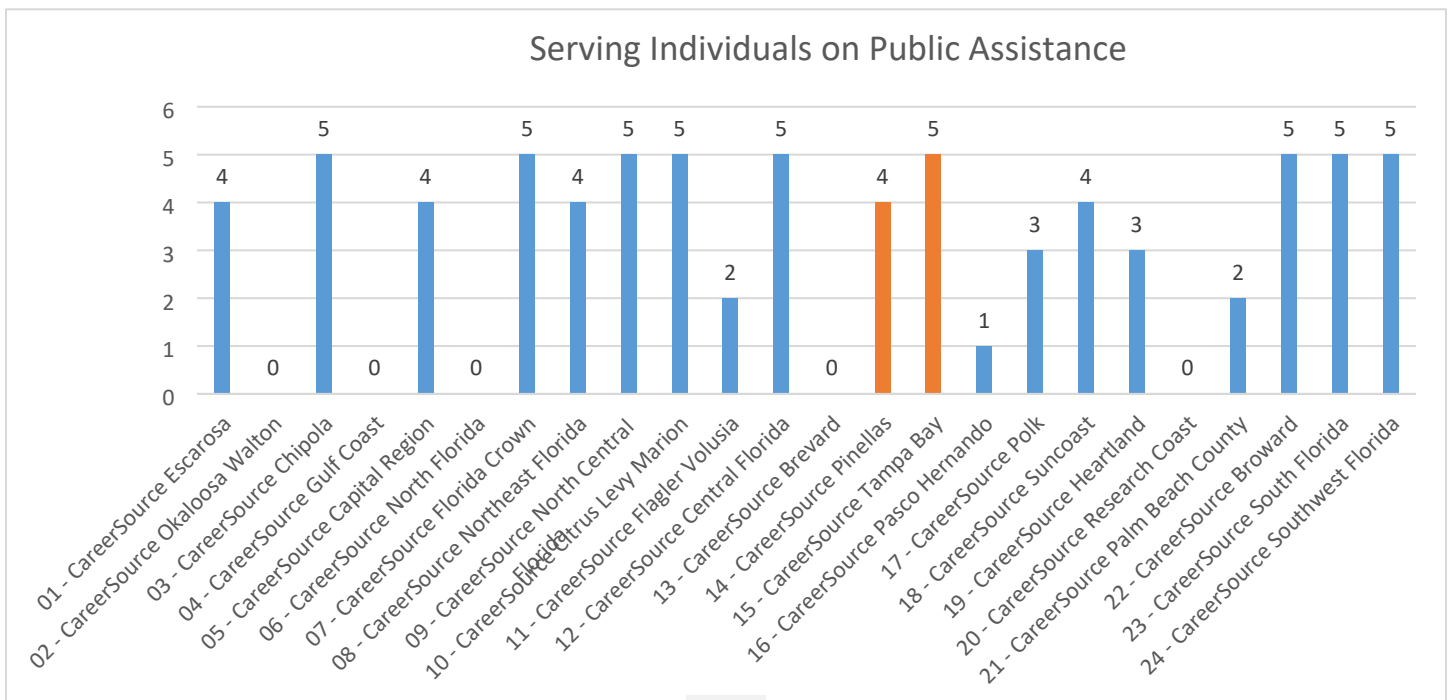

Measure 7 – Completion-to-Funding Ratio

Compares a local workforce development board’s share of statewide WIOA and Wagner-Peyser exiters with the local workforce development board’s share of statewide funding allocations.

Extra Credit Measure - Serving Individuals on Public Assistance

Awards up to five percentage points toward the total grade based on the percentage of customers receiving SNAP or TANF benefits.
